ABOUT US

L&g learning was established in 2006 by our Director, and Chair of the Scottish Training Federation, Lorna Trainer. We specialise in SVQs, PDAs and Employability training for learners within the Care sector.

L&g was set up with the aim to work closely with employers and to listen to them in order to better understand their needs. Because of this we are able to provide training that genuinely enhances their service.

We are an environmentally friendly, ethical company, committed to supporting social equality and diversity. That is why we are passionate about working with the Social Care sector.
